About Project C.U.R.E. | Franciscan Mission Warehouse

Project C.U.R.E. was founded in 1987 to address the staggering shortage of medical resources around the world. Since our humble beginnings in a garage in Colorado, Project C.U.R.E. has become the world's largest distributor of donated medical supplies, equipment, and services to doctors and nurses serving the sick and dying in more than 135 countries.

Each week, Project C.U.R.E. delivers approximately three to five semi-truck-sized ocean containers packed with the medical equipment and supplies desperately needed to save lives in hospitals and clinics in resource-limited countries. In addition, each year hundreds of healthcare professionals travel with Project C.U.R.E. to provide medical treatment to communities in need and training to those dedicated to serving them. Project C.U.R.E. is supported by over 30,000 volunteers annually and operates distribution warehouses in seven U.S. cities.

In June 2020, the Franciscan Mission Warehouse, a 25-year ministry run by the Sisters of St. Francis of the Holy Eucharist in Independence, Mo., affiliated with Project C.U.R.E. to become Project C.U.R.E.'s seventh distribution facility. The Project C.U.R.E. | Franciscan Mission Warehouse is located in the Hunt Midwest SubTropolis in North Kansas City.
