About Project C.U.R.E.

Project C.U.R.E. was founded in 1987 to address the staggering shortage of medical resources around the world. Since our humble beginnings in a garage in Colorado, Project C.U.R.E. has become the world’s largest distributor of donated medical supplies, equipment, and services to doctors and nurses serving the sick and dying in more than 135 countries.

Each week, Project C.U.R.E. delivers approximately three to five semitruck-sized ocean containers packed with the medical equipment and supplies desperately needed to save lives in hospitals and clinics in resource-limited countries. In addition, each year hundreds of healthcare professionals travel with Project C.U.R.E. to provide medical treatment to communities in need and training to those dedicated to serving them. Project C.U.R.E. is supported by over 30,000 volunteers annually and operates distribution warehouses in seven U.S. cities.

Join us at Project C.U.R.E.’s Dinner in the Vineyard on Sunday, August 14, 2022 at the beautiful, award-winning Balistreri Vineyards! Enjoy a full wine-tasting of Balistreri wines, gourmet buffet, silent and live auction, music, and more!

Balistreri Vineyards is a family-owned and operated winery located in Denver. Their award-winning wines are traditionally handcrafted, without addition of sulfites or other chemicals. The tasting room and vineyard are located just 10 minutes from downtown Denver.

VIP tickets include an exclusive port and savory appetizer, cellar tour, and vineyard history by the owner himself – John Balistreri and members of the Balistreri family.

All funds raised from this special event will support Project C.U.R.E., allowing us to continue to deliver lifesaving medical supplies and equipment to under-resourced communities around the world.
