A Project C.U.R.E.Tradition 23 Years in the Making

The Health & Hope Gala kicks off the 23rd annual Project C.U.R.E. Golf Tournament at Sanctuary, one of Colorado's most exclusive privately owned golf courses, located south of Denver near Castle Pines.

Together, the Gala and Golf Tournament have become a signature Project C.U.R.E. tradition, helping deliver nearly \$100 million in medical supplies and equipment to communities facing severe healthcare shortages, natural disasters, conflict, and crisis around the world.

We are grateful for the generous partners and supporters who make this impact possible, and we look forward to making the 23rd year of this special tradition one of our most meaningful yet.

About Project C.U.R.E.

Project C.U.R.E. was founded in 1987 to address the staggering shortage of medical resources around the world. Since our humble beginnings in a garage in Colorado, Project C.U.R.E. has become the world's largest distributor of donated medical supplies, equipment, and services to doctors and nurses serving the sick and dying in more than 138 countries.

Each week, Project C.U.R.E. delivers approximately three to five semi-truck-sized ocean containers packed with the medical equipment and supplies desperately needed to save lives in hospitals and clinics in resource-limited countries. In addition, each year hundreds of healthcare professionals travel with Project C.U.R.E. to provide medical treatment to communities in need and training to those dedicated to serving them. Project C.U.R.E. is supported by over 30,000 volunteers annually and operates distribution warehouses in seven U.S. cities.
